

VALENCISO destaca en una cata ciega de Reservas y Grandes Reservas de Rioja

LIAM CAMPBELL

“Rioja is Spain's finest wine-producing region. Located in the north, it is most famous for its reds, which have a mellow and spicy, oaky style and are made from a blend of grapes, which complement and support each other.”

“One of Spain's premium quality black grapes, Tempranillo's blackberry character ages well despite having only moderate acidity and tannin.”

“Reserva and Gran Reserva are the official terms for the combined extended ageing in barrel and in bottle for a guaranteed minimum period of three years and five years respectively, maturing in the cellars of the winery/bodega.”

Rioja Reserva 2006 VALENCISO

Perfumed with sandalwood and liquorice. Delicious, classy, spiced black fruits, mellow and with a youthful vigour.
